

### A Message From The Teacher

Welcome to Autumn Term!

We are looking forward to a busy and fun packed term! As we settle into Reception please keep up to date with news through Class List, Google Classroom, the weekly newsletter and letters in your child's bag.

**Please label all your children's clothing and send in spare sets of clothes every day in case of accidents.** Remember no jewellery is allowed in school.

### How Can My Parent Help Me?

Talk: Encourage your child to listen to what others have to say without interrupting, and to talk about their interests.

Reading: Your child's reading book (Rhino/Bug Club Reader) and the library book will be sent out on **Fridays**. We kindly ask from you to bring the books back on **Thursdays**, so we can give you a new book on **Friday**. This will start in the second half of Autumn term. Please read to your child every night before bed so they become independent learners.

Reading is very important at this stage of their cognitive development, and it boosts language skills, memory, attention and critical thinking. It is also fostering social-emotional skills like empathy and communication. Teach your children to look after their books and to build love for reading. We can only give you a new book, once you return your old one on Thursday. If you lose or break the book, we will have to charge you for it, so we can buy new books.

Home Learning: Summaries and photos will be available on our Google classroom.

Sleep: Encourage good practices regarding exercise, hygiene and sleep, which can contribute to good health.

#### PE

Please send your child in PE kit into school on Wednesdays.

#### Trips and Visits

This half term children are still settling in and trips will be organized in the second half of the Autumn Term. We will inform you closer to the date.

Please do pay for your trips if you can as it will inhibit the number we can attend if we do not get enough contributions.

#### Cooking

We will try to do a cooking activity as often as possible. To do this, we kindly ask for a £5 per term voluntary contribution. Please give it to us any morning in an envelope labelled cooking money.

#### Nature walks

Please collect things such as chestnuts, conkers and pinecones for our nature sensory bins, which we try to keep seasonal.
